

Harmful Legal Products and Parenting Night

YOU are invited to a Parenting Night at the Kodiak Middle School Commons!

- ✓ Parents and caregivers will learn about the abuse of harmful legal products and parenting for prevention in Kodiak!
- ✓ Dinner will be provided
- ✓ Activities will be provided for children in the gym

*A*bout the Kodiak HLP Project

Kodiak has become part of a community wide effort to protect our young people from using harmful legal products to get high. This category of drugs ranges from prescription and over the counter medications to common household products. Based on this need, Kodiak has joined the Harmful Legal Product (HLP) Prevention project. This project was started by Akeela Inc. and PIRE, who are currently working with 16 communities across Alaska to prevent youth from using harmful legal substances to get high.

*D*etails of Family Night

We will be focusing on helping families strengthen their efforts around preventing children from abusing harmful legal products. This will also help caregivers identify ways that they can become involved in the community to support other parents in their efforts to keep children safe.
